Spa Etiquette

Appointment Time

Please arrive 15 minutes prior to your appointment to update your spa profile and to fill out required information. In consideration of other clients, late arrivals cannot receive an extension on scheduled service times and the full service fee will apply.

Cancellation Policy

A credit card number is required to secure all laser and injectable appointments and any esthetic treatment that is 90 minutes or longer in length. Please be aware that 24 hours notice is required to cancel any spa service. If a cancellation is not within this timeframe or if the client does not show up for a confirmed appointment, 50% of the total price of the scheduled service will be charged to the credit card number provided.

Consultations

Initial consultations are complimentary. Subsequent consultations are subject to a \$50 fee. Please contact reception for information on surgical consultation fees with Dr. Hollis.

Non-Refundable Policy

Gift cards, retail products and treatment packages are non-refundable and non-transferrable.

Consideration

Please respect our goal of maintaining a private, quiet and safe environment for every client treatment. We respectfully request that small children do not accompany you on your spa visit. Cell phones and pagers must be turned off or set to silent upon entering the spa.

Please Understand

On occasion, and due to unforeseen scheduling circumstances, Derma Spa may have no choice but to reschedule your previously booked appointment(s). Please be assured that on such occasions we have exhausted all other options. We will do our very best to accommodate your needs at your earliest convenience.

Thank you for your understanding and co-operation.

About Derma Spa

Since its inception in 1999 as a laser and medical esthetics centre focusing on skin care; Derma Spa has continued to expand into the full service medical esthetics spa it is today with new treatment options and the latest technology.

Derma Spa Medical Director, Dr. Harlow Hollis and his wife Jane were motivated by a wave of impressive new laser skin rejuvenation and restoration concepts filtering into the medical world and purchased a small space down the hall from Dr. Hollis's cosmetic plastic surgery office on Oak Bay Avenue. They began to offer services to those looking to improve their skin quality and Derma Spa naturally evolved with the technology it so wholeheartedly believed in.

It was not a coincidence that the spa also served to complement Dr. Hollis's plastic surgery practice by providing post-surgery treatment and non-surgical solutions to those looking for alternative ways to improve their looks. Derma Spa had found its niche as a modern and effective spa that produced dramatic effects for clients.

As a spa filled with lasers and injectable skin care solutions Derma Spa is not entirely true to the origins of spa, which has an inherent association with pure relaxation. It was always critical to Jane that it progress to include a myriad of services to indulge clients and help them relax. Over the years the small staff has grown to include licensed estheticians and registered massage therapists, as well as two registered nurses, trained laser technicians and a professional injection specialist.

Since inception, Dr. Hollis, Jane and their staff have attended numerous conferences and training workshops relating to laser and new skin-care technology; not only to learn new techniques, but to stay on top of the most advanced training offered in North America. Having established itself as the premier medical esthetic spa in Victoria, Derma Spa has secured its reputation as a highly trained professional service provider that offers clients the most up-to-date treatment methods for their skin care needs.

Harlow Hollis, MD, FRCS(C) Medical Director of Derma Spa

Victoria Plastic Surgeon, Dr. Harlow Hollis has over thirty years of extensive procedure history in the field of cosmetic surgery, giving him a vast understanding of all facets of cosmetic esthetics.

Upon completing an under-graduate degree in math at Acadia University, Dr. Hollis obtained a degree in medicine at Dalhousie University.

After practicing as a GP in New Brunswick, he returned to Dalhousie to complete a medical residency in surgery, specializing in plastic and reconstructive disciplines. Following an invitation from two Victoria Plastic Surgeons to join their thriving practice, Dr. Hollis moved with his family, including wife Jane and three children (which turned to four soon after) to Victoria, where he became an involved community member and avid golfer.

Decades of exposure to the many facets of esthetic medicine has enhanced Dr. Hollis' ability to understand the level of physical and emotional care needed for each patient. The range of cosmetic concerns brought to him over the years is substantial and his unique background in both surgical and non-surgical treatments has given him the ability to offer comprehensive advice with clear objectivity. His primary work today is in the sphere of cosmetic esthetics, a field in which he excels.

Dr. Hollis' professional affiliations include:

- FRCS(C)** Fellow of the Royal College of Surgeons of Canada
- CSPS** Canadian Society of Plastic Surgeons
- CA(C)PS** Canadian Aesthetic (Cosmetic) Association of Plastic Surgeons
- BCMA** British Columbia Medical Association
- CMA** Canadian Medical Association
- CLASS** Canadian Laser Aesthetic Surgery Society
- ASLMS** American Society for Laser Medicine and Surgery

Laser Treatments

▶ Photorejuvenation

This comprehensive program targets sundamaged skin, hyperpigmentation, vascular lesions, redness, texture and tone, pore size and fine lines. Derma Spa uses the Xeo Coolglide laser genesis Nd:YAG and Limelight IPL. The program includes full face treatments, diamond head microdermabrasion and a complete cosmeceutical skin care line.

▶ Titan

Enhance your skin tone with this all natural option for skin tightening. Using light energy to heat the dermis deep beneath the skin's surface, this procedure has no down time, has minimal discomfort and can be used on any skin type. The Titan also stimulates long term collagen rebuilding which continues after your treatments. Combined with other laser treatments, skin layers can be managed effectively for excellent results. Package of two treatments includes two IPL treatments and a complete cosmeceutical skin care line.

▶ '3D' Photorejuvenation and The Titan

Tone, Texture, Tightness... This therapy includes our photorejuvenation package along with the exciting dimension of The Titan. Included in the package is a complete cosmeceutical skin care line.

▶ Laser Spot Treatments

For vascular and pigmented skin, the Xeo Coolglide Nd:YAG and Limelight IPL will help with smaller areas of the face and body. We can diminish spider veins, broken capillaries and hyperpigmentation.

▶ Limelight IPL (Intelligent Pulsed Light)

Intelligent Pulsed Light treatment will even out skin complexion by reducing redness and hyperpigmentation caused by sun damage. Remarkable results can be realized by using Limelight technology.

▶ Laser Genesis

While stimulating collagen renewal, this skin therapy treats fine-line wrinkles, diffuse redness and helps manage large pores, uneven skin texture and scars. Results are achieved with the Xeo Coolglide Nd:YAG laser with no downtime.

All laser therapy treatments are priced based on individualized assessments. Call 250-598-6968 to book your complimentary no-obligation consultation today.

Laser, Photodynamic Therapy

▶ Pearl

The Pearl targets aging and sun damaged skin, offering you a shortcut back to the pearly glow of youth. This is a fantastic option for those looking to treat fine lines, uneven skin texture and dark spots resulting from sun damage. This treatment includes a complete cosmeceutical skin care line.

▶ Pearl Fractional

Pearl Fractional is a fractional ablative laser by Cutera®. This treatment has an exclusive laser wavelength that was selected to maximize results and safety in a single treatment while minimizing downtime. Through an optimized combination of ablation and coagulation, this treatment aggressively treats the signs of photoaging, deep dermal imperfections and difficult-to-treat areas around the mouth and eyes. Pearl Fractional presents fractional ablation in a new light. This treatment includes a complete cosmeceutical skin care line.

▶ Pearl Fusion

The Pearl treatment and Pearl Fractional lasers combined achieve the benefits of both procedures in a single appointment. Pearl laser skin resurfacing removes sun damage and stimulates collagen remodeling to reduce fine lines and pore size. Immediately following the Pearl treatment, the Pearl Fractional laser treats deeper textural concerns specifically around the mouth, eyes and cheeks to improve deep lines commonly found in mature and aging skin as collagen and elastin production slows down. This treatment includes a complete cosmeceutical skin care line.

▶ Cynosure CO2 Smartxide Fractional Laser

Cynosure's Smartxide laser customizes fractional treatments for individual client textural concerns. Depending on the client's need we can vary the amount of downtime and depth of penetration with this laser to address skin textural concerns on the face, neck and chest.

▶ Leg Vein Treatments

This is a complete program using the Xeo Coolglide laser to treat a broad range of vessels. We will target spider veins and reticular veins with minimal bruising or blistering. It is recommended that medical support hose be worn for 2 weeks after treatment for increased effectiveness. Derma Spa does not treat varicose veins.

▶ Laser Hair Removal

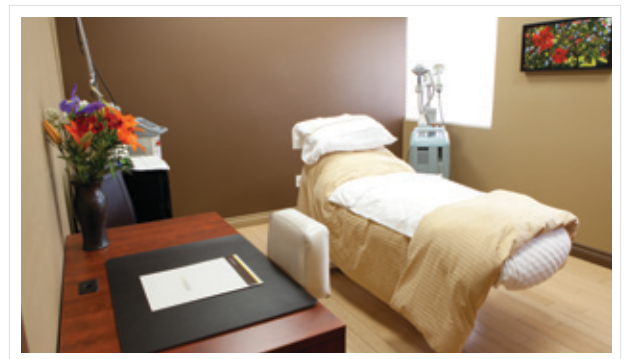

Using a combination of Xeo Coolglide Prowave 770 and NdYAG laser, we can target all dark hair, including the most superficial to the deeper hairs. Our lasers are compatible with all skin types.

Individual assessment required.

▶ Levulan® Photodynamic Therapy

This treatment is an alternative to both Accutane for acne and liquid nitrogen for Keratosis. Using a combination of Levulan (a topical acid) and Blu Light, this non-invasive treatment helps improve acne and Actinic Keratosis (brown and red, flaky pre cancerous spots). Package of three includes a DCL super sheer sunscreen.

All laser therapy treatments are priced based on individualized assessments. Call 250-598-6968 to book your complimentary no-obligation consultation today.

Injectables

▶ Botox® Cosmetic

Botox® is a safe and non-invasive injectable treatment that creates a more relaxed and refreshed looking face. Botox® is a purified protein that has been used in the medical field for many years and is the most popular way to help smooth unwanted frown lines, forehead lines, crow's feet and much more.

When you have Botox® treatments at Derma Spa we will give you 50% off of every 5th Botox® treatment. The 5th treatment is based on the average amount of the previous 4 treatments.

▶ Cosmetic Injectable Fillers

Whether you are looking to diminish fine lines and wrinkles, enhance lip volume for a luxurious and soft look or contour cheeks, chin and jaw line, Derma Spa provides a variety of injectable dermal fillers. During your complimentary injectable consultation, we will review each product's unique properties and customize a dermal filler treatment designed to restore volume loss and enhance your natural beauty.

All injectable treatments are priced based on individualized assessments. Call 250-598-6968 to book your complimentary no-obligation consultation today.

Minor Surgical Procedures

Dr. Hollis provides the following cosmetic surgical treatments:

▶ Blepharoplasty

As we age, our skin loses its elasticity and tends to sag — often noticeable in the upper eyelid area. Excess skin above the eye may feel heavy, contribute to a 'tired' look and hamper the application of mascara and eye makeup. Surgery to remove this skin is very successful in correcting these problems with minimal risk to the patient. Sutures are removed after one week and the patients overall appearance is rejuvenated. Both men and women can be good candidates for this simple eyelid improvement. Pre-surgical Consultation required.

▶ Fractional Skin Resurfacing

CO2 Fractional laser technology treats deep wrinkles, significant sun damage, poor skin texture and laxity by ablating and resurfacing the upper layer of the dermis. Treatments result in smoother skin surface, noticeable skin tightening and long term collagen remodeling. Pre-surgical Consultation required.

▶ Mole (Keratoses) Removal

Benign pre-cancerous moles can be removed by excision or with a laser. Pre-surgical Consultation required.

▶ Ear Lobe Repair

Ear lobes distended or damaged from heavy earrings or other injuries can be repaired by excision and suture. Pre-surgical Consultation required.

▶ Skin Tags

Irritating and unsightly skin tags can be removed with a laser. Pre-surgical Consultation required.

▶ Smart Lipo

A laser assisted lipolysis system that permanently destroys fat cells, tightens tissue and rebuilds collagen without dimpling and sagging. Appropriate for men and women and significantly successful in treating jowls, upper arms, thighs, stomach and upper back with minimal down time. Pre-surgical Consultation required.

Hair Removal

▶ Laser Hair Removal

Using a combination of Xeo Coolglide Prowave 770 and Nd:YAG laser, we can target all dark hair, including the most superficial to the deeper hairs. Please note lasers cannot treat blonde, red or gray hairs; Derma Spa offers electrolysis and waxing as effective treatment options for lighter hair removal.

Package of 3 – 10% off
Package of 6 – 15% off

*These prices are estimates. All laser hair treatments are priced based on individualized assessments in order to maximize results.

▶ Electrolysis

This effective method of permanent hair removal is perfect for all hair colours including blonde, red and grey hair. Our certified electrologist uses a blend of thermolysis and electrolysis to achieve the most successful results. Appointments available in 15, 30, 45 and 60 minute time blocks and take place in a soothing, spa environment with strict medical guidelines to ensure your safety.

15 Minutes: \$30	30 Minutes: \$48
45 Minutes: \$68	60 Minutes: \$85

When you have Electrolysis treatments at Derma Spa we will give you 50% off every 5th electrolysis treatment.

▶ Waxing

Cream, gel or rose wax makes hair removal treatments at Derma Spa gentle and precise. Our medical grade post-treatment products will calm and soothe the skin and our professional estheticians are dedicated to making your waxing session a relaxing and productive experience. Maintaining a regular appointment schedule will assist in maximizing the overall reduction of hair.

Facial Treatments

▶ Microdermabrasion

This treatment achieves cellular renewal creating a glowing and radiant complexion. Using the diamond head abrasion technique, deep exfoliation gently removes the stratum corneum dead skin layer, revealing a soft and supple healthy layer of skin. 45 minutes.

Individual Treatment: \$125

Package of 3: \$335

Package of 6: \$635

▶ Microdermabrasion Facial

This rejuvenating treatment combines the benefits of the microdermabrasion exfoliation with the Customized Spa Facial. Microdermabrasion aids in cellular renewal while the customized facial soothes the skin, inviting the product to penetrate deep into your skin for corrective results. 90 minutes.

\$180

▶ Glycolic Peels

Our medical grade glycolic acid peels are an excellent treatment to aid in exfoliation, cell renewal, fine lines, large pores and acne problems. This treatment will leave you with a fresh and radiant complexion. We will vary the strength of the peel for gradually increased therapy and individual client care. 30 minutes.

Individual Treatment: \$95

Package of 3: \$255

Package of 6: \$480

▶ Glycolic Peel Facial

A renewing treatment which combines the benefits of the glycolic acid peel with our Customized Spa Facial. The medical grade glycolic peel exfoliates the skin to promote cellular renewal while the customized facial soothes the skin. The products will penetrate deep into your skin allowing for corrective results. 90 minutes.

Individual Treatment: \$180

Package of 3: \$510

Package of 6: \$990

▶ Derma Spa's Premiere Peel

Using Biophora Skin Care this peel is a three step process, starting with a cleansing application of papaya and pineapple enzyme which digests the outermost layer of the epidermis to allow deeper penetration of the glycolic. The second step is the application of the glycolic solution available in 30 – 70% values. Finally, an application of a rich clay mask calms, soothes and subtly tightens the skin. 75 minutes.

Individual Treatment: \$130

Package of 3: \$350

Package of 6: \$660

▶ Customized Spa Facial

This corrective facial uses Methode Physiadermie, a medical grade Swiss botanical skin care line bio-engineered with time release technology that allows the corrective properties of the product to penetrate deep into the dermal layer of the skin. Beginning with a deep cleanse and PH toner, followed by a gentle bio-peel which softens and smoothes the skin. A combination of extractions of impurities (if needed) and high frequency is performed. A therapeutic facial massage, mask and application of customized emulsion is then applied to help correct and balance the skin. This is a very soothing yet results-oriented treatment. Highly effective for sensitive skin, acne and rosacea. 75 minutes.

Individual Treatment: \$100

Package of 3: \$270

Additional Extractions: \$20*

***15 minutes will be added to your appointment**

▶ Sea Flora Facial

Soothe and revitalize with the carefully balanced organic profile of skin care products made from hand harvested West Coast seaweed. Our Sea Flora Facial uses wild organic seaweed skincare, good for all skin types including eczema, psoriasis and rosacea, re-mineralizing and hydrating, while improving skin tone and texture. 60 minutes.

\$85

Nails

► Classic Manicure

Our classic manicure energizes tired hands and perks up plain nails. Enjoy a soothing finger soak, then corrective cuticle and nail work. After an exfoliation and relaxing hand and lower arm massage the treatment will finish with full nail care and polish of your choice. 60 minutes.

Regular \$35 **French \$45**

► Classic Pedicure

Enjoy our classic refreshing foot treatment in our heated massage chair with Jacuzzi foot tub. Relax with a calming herbal foot soak, corrective cuticle and nail work. After an exfoliation and relaxing foot and calf massage, we will finish this luxurious experience with a simple buffing or polish application of your choice. 60 minutes.

Regular \$50 **French \$60**

► Pedicure Express

The perfect answer to busy lives! An abbreviated version of our Classic Pedicure, including foot soak, nail work and polish application of your choice. 45 minutes.

\$35

► Sports Pedicure

A relaxing foot treatment using Gehwol corrective foot care products. Relax with a foot soak, corrective cuticle and nail work followed by an exfoliating scrub and buffing. Perfect for gentlemen! 60 minutes.

\$50

► West Coast Pedicure

Derma Spa's Classic pedicure with a unique BC twist. After a warm water soak infused with organic sea salts, feet are gently treated with our custom west coast seaweed exfoliant, followed by a relaxing foot and leg massage performed with seaweed firming gel. Our treatment concludes with complete nail care, paraffin application and polish of your choice. 90 minutes.

\$75

Add paraffin to manicure or pedicure – \$10

Eyes

► Tinting

Your features will stand out beautifully with a defined brow or the look of mascara with our tinting treatments.

Brows \$18 **Lashes \$25** **Brow & Lash Combination \$38**

► Bright Eyes

Our ultimate eye refresher will bring out the natural beauty in your eyes. After an eyelash and eyebrow tint to make your features bold and bright, we will finish your natural look with an eye opening brow shape. 30 minutes.

\$50

► Latisse

Latisse™ is a prescription treatment approved in Canada to treat eyelash hypotrichosis (thin, short and weak eyelash growth). Latisse™ is clinically proven to grow your natural eyelashes longer, fuller and darker.

Contact us for your complimentary consultation.

Massage

► Swedish Relaxation

Using a combination of long soothing strokes with various kneading and deep tissue pressures, this massage is a must for anyone with physical, mental or emotional stress. This treatment addresses body aches, muscle tension, mental fatigue and the desire to unwind or rejuvenate. Unique relaxation techniques are used to create a deep meditative calm in mind and body.

30 minutes: \$50	45 minutes: \$70	60 minutes: \$85
75 minutes: \$105	90 minutes: \$120	120 minutes: \$155

Add aromatherapy to your relaxation massage: \$10

► Therapeutic Massage

Specialized treatments include; post-operative care, Lymphodema, manual lymphatic drainage, sports injury and pregnancy.

30 minutes: \$50	45 minutes: \$70
60 minutes: \$85	75 minutes: \$105
90 minutes: \$120	120 minutes: \$155

Accident and Injury Claims/Extended Medical.
Initial visit includes 15 minute consultation and assessment.

► Manual Lymphatic Drainage

This specialized form of massage is gentle, flowing and rhythmic. Techniques are used to guide excess fluid away from congested areas in the body and is beneficial for puffy eyes, swelling legs, detoxifying and rejuvenating skin. MLD is a beneficial post surgical treatment (ie mastectomy) providing relief from pain and swelling and provides an overall soothing and relaxing experience.

30 minutes: \$50	45 minutes: \$70	60 minutes: \$86
90 minutes: \$120	120 minutes: \$155	

► Cranial Sacral Therapy

This is a gentle, hands-on method of evaluating and enhancing the function of a physiological body system called the craniosacral system. CST focuses on identifying areas of restricted movement that compromise entire body systems and helps to unwind and release these restrictions; restoring normal function to the physical body.

30 minutes: \$50	45 minutes: \$70	60 minutes: \$85
-------------------------	-------------------------	-------------------------

► Reiki

Is the gentle placement of hands on the body to induce balance and healing. The practitioner acts as a guide to transfer energy to the client whose body intuitively knows where the healing is best directed. This calms the parasympathetic and sympathetic nervous systems inducing a deeper, meditative state of relaxation. Can be combined with relaxation massage session.

30 minutes: \$50	45 minutes: \$70	60 minutes: \$85
-------------------------	-------------------------	-------------------------

► Reflexology

This relaxing treatment targets tension in the internal organs. Using reflex points on the feet, areas of congestion within the body systems can be identified and the corresponding reflex points stimulated to remove toxins, improve and enhance overall health.

30 minutes: \$50	45 minutes: \$70	60 minutes: \$85
-------------------------	-------------------------	-------------------------

► Hot Rock

Indulge your body's senses with this unique experience. A combination of hands on massage and strategically placed warm beach stones works with the body's chakra system to create a deep soothing massage that will melt mind, body and stress.

75 minutes: \$105	90 minutes: \$125
--------------------------	--------------------------

► LaStone Therapy

Enjoy hot basalt rocks and cool marble stones for a totally different earth and energy massage. LaStone Therapy produces alternatively sedative and re-energizing responses in the body to provide an ultimate form of relaxation.

75 minutes: \$105	90 minutes: \$125
--------------------------	--------------------------

Body Treatments

► Endermologie

A cellulite treatment approved by Health Canada and the FDA to reduce retained fluid and the appearance of cellulite resulting in skin that is smoother and more supple. Using a mechanical device, Endermologie mechanizes the tissues, exfoliates, increases micro-circulation and stretches the connective tissue aiding in overall skin health. Pre-treatment complimentary consultation required. 60 minutes.

Individual Treatment: \$65

Package of 8: \$442

► Canadian Moor Mud Wrap

Pamper your body with a rich bio-mineral complex harvested from an area in Ontario untainted by human or environmental pollution. This product is rich in humic acid which aids in preventing arthritic and rheumatic pain. 60 minutes.

\$90

► West Coast Seaweed Wrap

Relax and unwind with one of the earth's wonder plants. Through osmosis, seaweed passes minerals and vitamins into the skin, leaving you replenished with improved circulation and fewer bodily toxins. Our highly therapeutic blend of wild organic seaweeds with BC glacial clay and natural oils will increase moisture levels of the skin. 60 minutes.

\$90

► For Your Eyes Only

This hour-long rejuvenating experience is designed to help reduce tension, puffiness and dark circles around your eyes. Employing acupressure techniques to clear the lymph system and improve circulation, we will apply soothing botanical serums designed to protect and preserve the eye area's delicate skin. Followed by a lash tint and brow wax to brighten and enhance the look of your eyes, this treatment is a sure way to put your best face forward. 60 minutes.

\$85

► Salt of the Sea Scrub

Slough off those dead skin cells and let your skin glow. This exfoliating treatment uses the ocean's elements to smooth and hydrate your skin. Because sea salt has over 26 minerals beneficial to your skin, you can expect a head to toe scrub that will do more than just rejuvenate and unclog pores. The treatment is completed with an application of our Wild Seaweed massage oil blend. 60 minutes.

\$90

► Soothe Your Sole

Powerful healing and improvements in all body systems can result by working on the feet. This revitalizing treatment combines a soothing foot wrap with Reflexology. Seaflora organic seaweed product will provide detoxifying and nourishing benefits to the body. The benefits of the foot wrap are further supported with the Reflexology portion of the treatment. This ancient healing technique helps to disperse toxins, increases circulation and calms the nervous system. 60 minutes.

\$85

► Treat Your Feet

Reward your feet with a relaxing and therapeutic reflexology treatment. Stimulating the nerve endings in the feet stimulates vital organs and improves circulation. Beginning with a herbal foot soak and paraffin application, we will customize an essential oil massage with reflexology to soothe even the most tired feet. 45 minutes.

\$65

It's All About You
